## INSTALLATION STEPS (LED)

1

Remove the mounting plate from the canopy

2

Fixe the Mounting Plate to the Junction box

3

Fix the stem to the top ring's knob after passing the cable

4

Tighten the set screw in knob using 2mm HEX Key

5

After connecting the wires, fix the canopy to the mounting plate

6

Power ON

## IMPORTANT NOTES

- Compliance: Installation must comply with applicable codes and be performed by someone familiar with the product's construction, operation, and associated hazards.
- Note: Adhering to these conditions is crucial to prevent damage to the ring light's lifespan.
- Installation Precautions: Always turn off power before installation. Installation and maintenance should only be conducted by qualified electricians or trained personnel.
- Safety Considerations:
  - Prioritize fire prevention, electrical safety, and shock resistance.
  - Do not cover the fixture with flammable materials.
- Fastening and Connection Guidelines:
  - Ensure all screws and terminals are securely tightened.
  - No loose or improper connections are allowed.
- **MIN 90 °C SUPPLY CONDUCTORS**
- **DAMP LOCATIONS ONLY**

### Pay attention to the following points when installing in all methods

- Check whether all connectors are connected well and firmly.
- Check that all power cords are connected correctly.
- All the illustrations in the user instruction are diagrams only.
